

Phoenix Pediatrics understands that circumstances can arise that result in you arriving late for your appointment. Typically, patients will arrive 10 minutes before their appointment time to review necessary insurance information and paperwork, as well as time to be taken to the exam room.

Please call us as soon as you know you will be late. We will accommodate you as soon as possible while respecting the time of those who are on time for their appointments. Each day's schedule looks a little different and we will make every effort to help. That may mean that some days we will be able to see a late patient and other days we may need to offer a different time or provider. In many cases it will be later the same day. You may choose to reschedule for another day too.

We appreciate that our parents and patients understand that we try to meet the needs of all of our patients.
